Dear Mr. Roberts:

Re: Information inquiry regarding the Mivia Mine, ACT/037/028,
San Juan County, Utah

Enclosed is information we discussed on the phone regarding the Mivida Mine. I've gone through the file and selected those portions that I feel are appropriate for an understanding of the present status of the mine as well as the permit that Minerals West has secured for the operation. Also enclosed are the papers associated with the reclamation surety. For the Mivida Mine the form of surety is an escrow agreement between Minerals West and the State of Utah in the amount of \$10,000.00.

I hope this information is helpful to you, if you have any additional questions please call.

Sincerely,

Thomas O. Suchoski
Geologist
